NM Series

10" TRIMLINE NARROW-MINI AIR CONDITIONERS

Kooltronic's TrimLine 10" wide Narrow-Mini Air Conditioners are especially designed to address the need for closed-loop cooling equipment to fit on extremely small cabinets or door panels. This supplements our popular Micro-Mini series.

This compact design provides 2,900 BTU/H of cooling within its 20" cooling circuit. The TrimLine Narrow-Mini includes a built-in Condensate Evaporator as well as a Programmable Thermostat, which allows more accurate and versatile performance features. The Narrow-Mini models are UL/CUL Listed and maintain a NEMA 12 Rating.

10" wide Narrow-Mini Air Conditioner, 20" high

FEATURES

- Compact design with slim 10" wide mounting footprint
- Capacity of 2,900 BTU/H
- CFC-Free Refrigerant
- Built-in Condensate Evaporator eliminates the need for draining normal condensate
- Epoxy-Coated Evaporator Coils
- NEMA 12 Rating Maintained (UL50)
- Programmable Temperature Alarm
- Programmable Thermostat
- UL/CUL Listed
